In an effort to streamline our inspection process; along with increasing communication and code compliance, the Brighton Area Fire Authority (BAFA), has registered with ***InspectionReportsOnline.Net (IROL)***. IROL is a web-based, electronic reporting management system connecting Authorities Having Jurisdiction, Service Providers, and Commercial Property Owners.

IROL allows our Jurisdiction, along with any Commercial Property Owner, to receive and manage Inspection Reports submitted, electronically, by any and all Service Providers through one central and secure web location. There are **NO COSTS** to register, or use, the IROL site as a Property Owner.

If your property receives any of the following required inspections **we are requesting you register as a Property Owner (PO)**:
